EDUCATION

LDRP Institute of Technology & Research, Kadi Sarva Vishwavidyalaya — Gandhinagar, India
Bachelor of Engineering in Information Technology; CGPA: 7.56 — *Oct. 2022 – May 2026*

EXPERIENCE

React.js Developer Intern — Aug. 2024 – Present
Dvij Infotech — *Ahmedabad, Gujarat*

- Developed responsive and user-centric web applications using React.js, improving user engagement and interface performance
- Collaborated with cross-functional teams to implement front-end features aligned with business requirements and design specifications
- Optimized component architecture and state management to enhance application scalability and maintainability

PROJECTS

Rakshak - Women's Safety Mobile Application — Fall 2024
Smart India Hackathon 2024 National Finalist — Team Member

- Implemented emergency alert system, location tracking, and user authentication features using mobile development frameworks. Collaborated with 6-member team under time constraints, delivering solution through agile sprints and stakeholder presentations

Wander With World - Tourism Management System — Spring 2025
Full-Stack Developer / Project Lead — College Project

- Architected full-stack solution using React.js, Node.js, Express.js, and MySQL with RESTful API architecture
- Implemented user booking system, tour package management, and payment integration for seamless user experience

Farm Buddy - Smart Farming Tool — Fall 2025
Full-Stack Developer / Team Member — College Project (Ongoing)

- Developing smart farming application to provide farmers with data-driven agricultural tools and crop disease management solutions. Researching and implementing eco-friendly solutions for crop disease detection and prevention using modern web technologies
- Building farmer-centric interface with real-time weather integration, crop recommendations, and resource management features. Applying SDLC principles and agile methodologies for iterative development and continuous improvement

TECHNICAL SKILLS

Languages: JavaScript, SQL, HTML, CSS, Python (Familiar)
Frameworks & Libraries: React.js, Node.js, Express.js, Tailwind CSS, Bootstrap
Databases: MySQL, MongoDB
Developer Tools: Git, GitHub, VS Code, Postman, npm, RESTful APIs
Core Competencies: Full-Stack Development, Front-End Design, Database Management, Agile/SDLC, API Development, Problem-Solving

ACHIEVEMENTS & LEADERSHIP

Smart India Hackathon 2024: National finalist representing LDRP-ITR, supported by Ministry of Education Innovation Cell
Project Leadership: Led cross-functional teams in delivering full-stack web applications from concept to deployment
Continuous Learning: Active participant in hackathons and coding competitions; exploring cloud computing and DevOps practices
Community Engagement: Passionate about contributing to open-source projects and tech communities
